**La medicina en El Quijote y su época- 2ª edición (Spanish Edition)** Pablo Cañamares Casamayor, Miguel Ángel Sandoval Hernández

"La obra de Cervantes nos ofrece una magnífica panorámica de la vida cotidiana del Siglo de Oro español. De la mano de don Quijote, Sancho Panza y otros personajes, los autores de este libro presentan de una manera sencilla, didáctica y amena cuales eran las preocupaciones de los hombres de aquellos tiempos en torno a la salud y como buscaban reparar o aliviar los efectos de la enfermedad. A lo largo de estas páginas, va apareciendo ante los ojos del lector toda una galería de lugares, utensilios, enseres y oficios relativos al ámbito de la sanidad, realmente curiosos e interesantes; y según se avance en la lectura, sorprenderá comprobar como en gran medida los conocimientos, cuidados y remedios de principios del siglo XVII gozan aun hoy día de total vigencia y plena actualidad. "
