Phaedo Plato

How would you spend your last living twenty-four hours? According to this philosophical dialogue, Socrates spent his last day before drinking the infamously fatal vial of hemlock discussing the existence and nature of the afterlife, a question that has inspired great religious institutions and torn thinkers of every era. Narrated by Phaedo of Elis, a student of the philosopher's, Socrates spends the dialogue considered an array of arguments for the immortality of the soul and how these arguments support the concept of life after death.

Known by its original readers as "On the Soul", "Phaedo" is one of the several dialogues that established Plato as one of the great influencers of Western philosophy. This work, told through the death of another philosophical master, is both an example of the power of philosophical thought and an homage to the infamous death of one of Western civilization's greatest thinkers.
