According to recent U.S. Census statistics, 47 percent of the adults in the United States are single. Because many of those singles are women, is the church adequately serving the needs of this demographic?

This book answers the question and provides keys to a fruitful life of singlehood for women.

Infused with creative analogies, single women will be provided with keys to enjoying the single life, and know what to do when meeting potential mates. The issue of waiting on God for the mate of your dreams is addressed and women's fears that God will take longer than they are willing to wait.

Drawing from both theoretical and practical positions readers will be given new approaches to living a single lifestyle.

Women of all ages and backgrounds will benefit from reading this book.
