**China (Spanish Edition)** Henry Kissinger

**La visión sobre China de una de las grandes figuras de la política internacional en la segunda mitad del siglo XX y Premio Nobel de la Paz.**

Cualquier intento de comprender el futuro papel de China en el mundo comienza con el reconocimiento de su historia: ningún otro país puede reivindicar una relación tan poderosa con su pasado y sus principios tradicionales, y son muy pocas las sociedades que han alcanzado una dimensión y una sofisticación comparables.

Henry Kissinger fue el gran artífice de la apertura de China al mundo con su visita en 1971 como secretario de Estado, y la preparación de la que al año siguiente llevaría a cabo el presidente Nixon. Desde entonces, la relevancia de China en el mundo no ha dejado de crecer. Kissinger ha ayudado a configurar las relaciones de China con Occidente, y ha escrito por fin la historia de un país que conoce íntimamente.

En este libro, Kissinger revisa los episodios clave de la política internacional china desde la época clásica hasta nuestros días y examina su estrategia diplomática en momentos tan fundamentales como los primeros encuentros entre el país asiático y las modernas potencias europeas, la creación y el colapso de la alianza chino-soviética, la guerra de Corea, el viaje histórico de Richard Nixon a Pekín y las tres crisis en el estrecho de Taiwán. Y, a partir de documentos históricos y de las conversaciones mantenidas con los líderes chinos durante los últimos cuarenta años, examina el modo en que China ha abordado la diplomacia, la estrategia y la negociación a lo largo de su historia, y reflexiona sobre sus consecuencias en el balance global del poder en el siglo XXI.

### From reader reviews:

#### **Christine Clute:**

Book is to be different for each grade. Book for children until eventually adult are different content. As you may know that book is very important for all of us. The book China (Spanish Edition) was making you to know about other understanding and of course you can take more information. It is rather advantages for you. The guide China (Spanish Edition) is not only giving you considerably more new information but also for being your friend when you really feel bored. You can spend your personal spend time to read your reserve. Try to make relationship with the book China (Spanish Edition). You never sense lose out for everything if you read some books.

#### **Aaron Jack:**

This China (Spanish Edition) are usually reliable for you who want to become a successful person, why. The key reason why of this China (Spanish Edition) can be among the great books you must have is actually giving you more than just simple reading through food but feed you with information that might be will shock your preceding knowledge. This book is handy, you can bring it everywhere you go and whenever your conditions both in e-book and printed ones. Beside that this China (Spanish Edition) giving you an enormous of experience for instance rich vocabulary, giving you trial run of critical thinking that we know it useful in your day exercise. So , let's have it and enjoy reading.

#### **Selma Lang:**

Playing with family in the park, coming to see the ocean world or hanging out with friends is thing that usually you could have done when you have spare time, then why you don't try point that really opposite from that. Just one activity that make you not experience tired but still relaxing, trilling like on roller coaster you have been ride on and with addition info. Even you love China (Spanish Edition), you may enjoy both. It is fine combination right, you still desire to miss it? What kind of hang type is it? Oh come on its mind hangout people. What? Still don't have it, oh come on its named reading friends.

#### **Anthony Balentine:**

Is it you who having spare time in that case spend it whole day by simply watching television programs or just lying down on the bed? Do you need something totally new? This China (Spanish Edition) can be the reply, oh how comes? The new book you know. You are thus out of date, spending your spare time by reading in this new era is common not a geek activity. So what these guides have than the others?
