*Some gods demand blood!*

Sean Black, a teenage science whiz in a small New England town, leads a pretty normal life...until the night of the storm. After that, nothing is the same. He experiences strange nightmares. He hallucinates about alien creatures and begins to notice weird physical changes in his body, things no one else seems to see. The girl he's had a crush on for years is acting strange as well, delivering cryptic messages to him that things are not what they seem. When he discovers a secret room in the library, Sean finds himself faced with a life-changing decision, one that could either save the world or plunge it into centuries of death and destruction—with Sean ruling over all.
