Tomorrow's God: Our Greatest Spiritual Challenge Neale Donald Walsch

Something extraordinary is about to happen on this planet.

Humanity is about to create a new form of spirituality. This New Spirituality will allow humans to express their natural impulse toward the Divine without making one another wrong for the way in which they are doing it, and without killing one another in the name of it. When the New Spirituality is embraced by humanity, it will, of course, change everything. And that is exactly what is needed now.

This book contains an astonishing prediction. And that prediction comes from an astonishing source. Author Neale Donald Walsch says it comes directly from God. Whether you believe that or not, you will find it difficult not to be swept up in the startling and profound vision of our near future contained here.

Tomorrow's God says, point-blank, that humanity will soon re-create its experience of God in such a way that our experience of one another will be healed at last. You may agree or disagree with the contents of this book, but you will never forget having read it.
