Essays on Hegel's Philosophy of Subjective Spirit

The first English-language collection devoted to Hegel's Philosophy of Subjective Spirit.

Although Hegel considered his philosophy of subjective spirit to be of particular importance, it has been the focus of little present-day scholarship, particularly in English. Recent editorial work associated with the publication of a new edition of Hegel's *Gesammelte Werke* and the discovery and translation of a transcript of one of his lecture courses on the topic, however, have set the stage for a fresh encounter with this fascinating and wide-ranging component of his thought. Taking up questions central to the philosophy of mind and body and to the philosophy of psychology, the *Philosophy of Subjective Spirit* includes discussions of feelings and emotions, consciousness, habit and free will, and rationality—as well as madness, dreams, and the paranormal. Situating Hegel's philosophy on the topic in relation to the rest of his work, to his contemporaries, and to current philosophy of mind and psychology, this volume demonstrates its richness as a focus of study and paves the way for a new direction in Hegel scholarship.

“...because this collection repeatedly problematizes spirit's autogenetic project in terms of nature from a myriad of perspectives, it has opened up a new horizon of inquiry for Hegel scholarship, particularly in English ... [it] works to open an entire series of provoking questions that will certainly take Hegel studies in exciting and unexpected directions in the coming years.” — *Symposium*

“...cursory remarks cannot do justice to the high level of scholarship and intellectual intricacy in these essays. This anthology shows how Hegel's neglected philosophy of subjective spirit is extremely important not only for Hegel scholars but also to philosophers interested in exploring different philosophical approaches to what have come to be regarded as the standard philosophical problems.” — *Notre Dame Philosophical Reviews*

David S. Stern is Professor of Philosophy at Hamline University.
