Spiritpower John Barazzuol

Spiritpower is written for all those who are interested in exploring the field of spirit; it specifically appeals to those who have already begun an active search for their spirit. It offers support, encouragement and direction to those who somehow got lost along the way, yet still have a need for a life in the spirit. Spiritpower is composed of two texts, The Manual and The Revolutionary Handbook, that are woven together into a single text. The Manual offers a step-by-step, inner healing journey that takes the participant through the process of unification with the higher self or spirit within. While The Manual offers instructions on how to directly contact and develop an on-going relationship with the spirit, The Revolutionary Handbook informs on what to expect and what lies ahead in the new spiritual frontier. The handbook offers a survey of the “future history” of the inner spiritual life of the 21st century. The handbook prophesizes spiritual events of our century and is based on the vision of spirit beings living and working in and through the minds and bodies of their human counterparts.
