Sweet Machine: Poems by Mark Doty

Mark Doty's last two award-winning collections of poetry, as well as his acclaimed memoir *Heaven's Coast*, used the devastation of AIDS as a lens through which to consider questions of loss, love and identity. The poems in his new collection, *Sweet Machine*, see the world from a new, hard-won perspective: A coming back to life, after so much death, a way of seeing the body's "sweet machine" not simply as a time bomb, but also as a vibrant, sensual, living thing. These poems are themselves "sweet machines"--lyrical, exuberant and joyous--and they mark yet another milestone in the extraordinary career of one of our most distinguished and accomplished poets.
