**Approaches to Human Geography: Philosophies, Theories, People and Practices** Stuart C Aitken, Gill Valentine

"The book covers some of the (traditionally) most obtuse and difficult-to-grasp philosophical ideas that have influenced geographers/geography. The fact that these are presented in an inclusive and accessible manner is a key strength. Many students have commented that the chapters they have read have encouraged them to read more in this field, which is fantastic from a lecturer's perspective."

*- Richard White, Sheffield Hallam University*
