This book shows readers who are struggling in their marriage the steps to take to strengthen and rebuild their marriage relationship. The practical solutions are built on the basic steps that are explained in *The DNA of Relationships*. Smalley uses fictional couples (based on real client experience) who are grappling with real-life problems ranging from work and family priority balance issues to extramarital affairs. Through the telling of the stories of real couples going through the step-by-step counseling process, the book provides a tool to help both partners identify destructive relationship habits and explains how to begin the rebuilding process.
