Deeds Done Beyond the Sea: Essays on William of Tyre, Cyprus and the Military Orders presented to Peter Edbury (Crusades - Subsidia) Susan B. Edgington, Helen J. Nicholson

This volume celebrates Peter Edbury's career by bringing together seventeen essays by colleagues, former students and friends which focus on three of his major research interests: the great historian of the Kingdom of Jerusalem, William of Tyre, and his *Historia rerum in partibus transmarinis gestarum* and its continuations; medieval Cyprus, in particular under the Lusignans; and the Military Orders in the Middle Ages.

All based on original research, the contributions to this volume include new work on manuscripts, ranging from a Hospitaller rental document of the twelfth century to a seventeenth-century manuscript of Cypriot interest; studies of language and terminology in William of Tyre's chronicle and its continuations; thematic surveys; legal and commercial investigations pertaining to Cyprus; aspects of memorialization, and biographical studies. These contributions are bracketed by a foreword written by Peter Edbury's PhD supervisor, Jonathan Riley-Smith, and an appreciation of Peter's own publications by Christopher Tyerman.
