Nicole Fleming and Dante LaPalma have nothing in common except an old man's legacy. Joe Corbet has promised that a great treasure awaits them--if they're clever enough to solve his riddles within a six-month time frame, that is. According to Joe's will, Nicole and Dante must participate in several excursions. After each adventure, a new clue will be presented that will lead them to their next obstacle. Only when they've completed every task can they discover the treasure meant just for them. Along the way, Nicole and Dante are forced to share their secrets and place their faith in one another. If they can learn to work together, they'll discover what's truly important in life. And maybe, if they're lucky, they'll find the greatest treasure of all: love.
