**Corsican Death (Narc Book 7)** Marc Olden

**With a handful of agents, Bolt takes on the crown prince of European smuggling**

Two French businessmen come to the United States to arrange an export deal. Normally the federal government would have no interest, but these Frenchmen are Corsican, and their product is the finest heroin in the world. For months the crime syndicate overseen by Count Napoleon Bonaparte Lonzu has stockpiled its smack, creating a worldwide shortage and sending demand through the roof. Now it is time to open the floodgates, and dump a colossal shipment of white heroin onto the United States. But the deal goes sour from the very start.

Lanzu's lieutenants run into John Bolt, a narcotics agent who makes the toughest Corsicans wilt. He only has a handful of operatives in his critically underfunded anti-drug detail, but Bolt will crack the Corsican syndicate if he has to cross the Atlantic to do it. Count Lanzu may have an army, but next to a determined American cop, every Napoleon looks small.
