Atlas de anatomía palpatoria. Tomo 2. Miembro inferior (Spanish Edition) Serge Tixa

- **Obra dedicada a la anatomía práctica y clínica del miembro inferior: la anatomía palpatoria.** El método que se presenta así como la rica iconografía que lo ilustra hacen de este libro una herramienta inigualable para el enfoque del diagnóstico, ya que **la palpación es una de las mejores herramientas de la exploración clínica y para una adecuada aplicación de las técnicas manuales.**
- **Organizada en cinco capítulos (Cadera, muslo, rodilla, tobillo y pie y pierna),** cada uno de ellos se divide, si la región topográfica lo permite, en varias partes: huesos, músculos, tendones y ligamentos, nervios y vasos sanguíneos. **Incluye más de 50 ilustraciones anatómicas en color y cerca de 450 fotografías en blanco y negro.** Cada fotografía se acompaña de un texto que describe la técnica empleada.
- Incluye numerosas innovaciones y mejoras pero su esencia no ha cambiado. **Las presentaciones anatómicas han sido completamente rediseñadas** y muchas de ellas son nuevas, incorpora **recuadros nuevos de clínica** que destacan el vínculo entre la palpación y el diagnóstico, y finalmente, un glosario de términos.

From reader reviews:

Mary Oropeza:

What do you about book? It is not important with you? Or just adding material when you really need something to explain what you problem? How about your extra time? Or are you busy particular person? If you don't have spare time to accomplish others business, it is gives you the sense of being bored faster. And you have free time? What did you do? Everyone has many questions above. They should answer that question simply because just their can do that. It said that about book. Book is familiar in each person. Yes, it is correct. Because start from on guardería until university need this kind of Atlas de anatomía palpatoria. Tomo 2. Miembro inferior (Spanish Edition) to read.

Teresa Vanhook:

Playing with family in a very park, coming to see the water world or hanging out with close friends is thing that usually you could have done when you have spare time, after that why you don't try point that really opposite from that. One activity that make you not sensation tired but still relaxing, trilling like on roller coaster you have been ride on and with addition info. Even you love Atlas de anatomía palpatoria. Tomo 2. Miembro inferior (Spanish Edition), you are able to enjoy both. It is fine combination right, you still desire to miss it? What kind of hang type is it? Oh can occur its mind hangout people. What? Still don't buy it, oh come on its identified as reading friends.

Amber Payne:

Do you have something that you enjoy such as book? The e-book lovers usually prefer to decide on book like comic, short story and the biggest the first is novel. Now, why not striving Atlas de anatomía palpatoria. Tomo 2. Miembro inferior (Spanish Edition) that give your entertainment preference will be satisfied by means of reading this book. Reading routine all over the world can be said as the method for people to know world a great deal better then how they react when it comes to the world. It can't be mentioned constantly that reading addiction only for the geeky man but for all of you who wants to end up being success person. So , for all of you who want to start studying as your good habit, you could pick Atlas de anatomía palpatoria. Tomo 2. Miembro inferior (Spanish Edition) become your own personal starter.

Beatrice Blakely:

A lot of guide has printed but it differs from the others. You can get it by web on social media. You can choose the best book for you, science, comic, novel, or whatever simply by searching from it.
