Liam

I've been a bounty hunter for years, and built my reputation on taking down the biggest and the baddest men around. If the feds have a problem, if the cops can't find their guy, they give me a call.

And I always get my target.

I don't usually let anything get in my way. Especially not when the biggest bounty of my career is riding on it.

But then again, I've never met a woman like April before.

April

My life is one big mess. Even before my fiance and I broke up, it's been far from perfect. And I was pretty sure letting Liam Copperhead into it wasn't going to make things better.

I tried to warn him...

Note: This is a stand-alone romance novel with an HEA ending that is intended for adults only. This limited time copy also contains plenty of bonus material!
