Justice, Politics, and the Family Daniel Engster, Tamara Metz

At a time when same-sex marriage, gay adoption, and the rise of single-parent households challenge traditional views of the family, this innovative volume helps readers put such issues into social and legal perspective. Engster and Metz bring together essential readings in political and legal theory and organise them to illuminate pressing contemporary debates on the family: gender and justice, parents and children, the state and globalisation. *Justice, Politics, and the Family* is an engaging and a diverse addition to the area of critical legal theory and sociology.
