Mapping Modern Theology: A Thematic and Historical Introduction

Mapping Modern Theology: A Thematic and Historical Introduction A Fresh Approach to Modern Theology

"This outstanding collection of essays with contributions from leaders in the field will appeal to scholars and students alike. The editors have managed to provide the reader with a genuine alternative to other textbooks. The essays are all excellent, setting a high watermark for other such symposia. It should quickly establish itself as a resource of choice for those wanting a comprehensive account of modern Christian theology that is alert to historical as well as systematic considerations. I highly recommend it."

--**Oliver Crisp**, Fuller Theological Seminary

"This intriguing volume fills a gap in teaching materials for theological students that has long been noteworthy: it tackles the traditional loci of systematic theology through the lens of modernity's particular challenges. Intended primarily for students in the Reformed tradition, this book will prove to be an excellent textbook and focus for debate; the editors are to be congratulated on the quality and insightfulness of the contributions."

--**Sarah Coakley**, University of Cambridge

"This collection of fifteen essays on key topics will repay careful study. Through examining the different ways in which the central doctrines of the Christian faith have been handled under the pressures of modernity, it provides valuable orientation for students of modern theology. Clear, informed, and insightful, it deserves inclusion on all relevant reading lists."

--**David Fergusson**, New College, University of Edinburgh

"A volume such as this is a welcome guide indeed to the contours of modern theology. Especially valuable is the organization of this book according to the classical doctrinal loci and central concerns of the Christian theological tradition. An impressive lineup of scholars provides a sure guide to the ways each of these concerns has been treated within the context of modernity and demonstrates thereby the necessity of our striving, even if sometimes failing, to tell of the gospel in ways both responsible to the tradition and alert to the realities of contemporary culture."

--**Murray Rae**, University of Otago

"The best book of its kind. Highly recommended."

--**Adam A. Neder**, Whitworth University
