"The Survivalist may be the **best post-apocalyptic series out there**," raves Steve Erwood of the *Disaster Preparedness Blog*. "In addition to a steady stream of gunfights with zombie-like mutants, roadway bandits, and opportunistic warlords, the books teach dozens of **useful survival tricks**. Learn to hotwire cars, construct homemade booby traps, build garbage-powered generators, and retrieve fuel from abandoned gas pumps."

Bryan Foster, author of *The Prepper's Handbook*, says "It's rare to find books this entertaining that are so well researched." Nicholas Sansbury Smith, author of *Extinction Horizon*, adds "The Survivalist books are **incredibly addictive**. They create a **cool western vibe** not seen since Louis L'Amour's timeless classics."

Judgment Day is the **third book** in a series described as "**a cross between Justified and The Walking Dead**." The United States continues to devolve into total lawlessness as it struggles to recover from a pandemic that left billions dead. Gangs of convicts sweep through towns, raping and murdering with impunity. Opportunistic warlords build private armies with the hopes of expanding their influence. And infected survivors continue to mutate, growing stronger and more psychotic with each passing day.

Deputy Marshal Mason Raines tracks a band of mercenaries responsible for poisoning hundreds of his fellow lawmen. Terribly outnumbered, he must resort to drawing the attention of an adversary even more dangerous than the soldiers of fortune. As the nation's last living marshal, Mason must once again remind his enemy that no one is above the law.

Meanwhile, Tanner and Samantha travel to Salamanca, New York, to grant a dying man's last wish. Together, they must overcome all manner of evil, including satanic worshippers, murderous road warriors, and a tunnel-dwelling creature that is anything but human. Their only hope of surviving the perilous journey is to work together in ways they never thought possible.
