Assessment in Action in the Primary School (Primary Directions Series)

Assessment has become one of the key issues in primary education over the past 10 years. This edited volume of essays brings together perspectives from all the significant participants involved in assessment in the primary school: teachers, headteachers, LEA advisors, inspectors, pupils, academics and researchers. The contributions illustrate effective assessment, and examine how it is, and can be, achieved. It will be of interest to school assessment co-ordinators, deputies and heads following NPQH courses, and lecturers on IE courses.
