This refreshingly candid parenting book puts mothers—not children—center stage. Ann Pleshette Murphy provides a reassuring, wise, and often wildly funny mix of anecdotes and advice as she describes the seismic shifts in women’s lives and identities from pregnancy through a child’s graduation. She draws on countless conversations with mothers and with child development experts she has met as the parenting contributor to *Good Morning America* and as the former editor-in-chief of *Parents* magazine. The mother of two, Murphy freely shares her own trials and errors in stories that will have readers laughing in relief and recognition. Written with wit, warmth, and unfailing empathy, *The 7 Stages of Motherhood* is an exuberant and indispensable guide to making the most of motherhood.
