**I told her I wanted a baby, but I really wanted her...**

From the first time Hoyt Selwyn saw Harper, he knew he wanted her, but he had to convince her she wanted him too. He planned on a month. One month of “trying” to get her pregnant and she’d learn to love everything about him, including his controlling nature. He offered her a very special deal. Give him an heir and he’d give her the keys to her own office at the most influential political consultant agency in the country. But all it took was one night and a broken condom for fate to interfere with Hoyt’s carefully laid plan.

**I agreed to his terms and conditions, but I couldn’t stop my feelings...**

Harper Carlisle agreed to Hoyt’s demands. All of them. But if she wasn’t doing it for a job, or even to give him the heir he wanted. She agreed because she wanted Hoyt Selwyn. And the more time she spent with him, the more her feelings for him grew. She knew she’d have to tell him she wanted more than just a job, she wanted him. But Hoyt wasn’t a man known for having relationships, and her feelings for him might chase him away.

**Sometimes the best surprises are unplanned.**

This steamy billionsaire romance is a full-length standalone novel with no cliffhanger, no cheating, and a HEA.
