## **Internship Report for Information Systems Studies** Fabian Kannemann

Internship Report from the year 2004 in the subject Computer Science - Commercial Information Technology, grade: passed, Technical University of Ilmenau, 0 entries in the bibliography, language: English, abstract: Last year I made the decision to do an internship abroad and not in Germany. My aim was to get insights into another work and living culture. To do an internship abroad lots of preparation was necessary. I was supported in getting my job by the international student exchange organisation AIESEC. I chose India for my internship, as it is an emerging nation concerning IT business and a popular outsourcing destination. I applied for a job in the field of marketing. I had to do an Internet based interview in order to get the job at Net Solutions. AIESEC intermediated between the company and me before starting the traineeship and as well after I arrived in India. This document gives a comprehensive insight into my work in Net Solutions. First I introduce the company and country-specific particularities. Afterwards I explain my two major tasks, Marketing and Business Development as well as ISO 9000 certification before I conclude this report.
