Twin and Triplet Psychology: A Professional Guide to Working with Multiples Audrey C. Sandbank
Information on the special needs and natures of twins and multiples is often difficult for professionals to obtain. *Twin and Triplet Psychology* fills this gap, helping professionals to be better-equipped to offer advice to parents and twins alike.

Examining the psychology of twinship throughout the lifespan, the book includes chapters on:

- * twins in-utero temperament development and inter-twin behaviour before and after birth
- * antenatal and postnatal influences on family relationships
- * twins with special needs
- * the death of a twin
- * twins in secondary school and adolescence.
