## **Cengage Advantage Books: Precalculus: A Problems-Oriented Approach** David Cohen

Precalculus: A Problems-Oriented Approach offers a fairly rigorous lead-in to calculus using the right triangle approach to trigonometry. A graphical perspective gives students a visual understanding of concepts. The text may be used with any graphing utility, or with none at all, with equal ease. Modeling provides students with real-world connections to the problems. The author is known for his clear writing style and numerous quality exercises and applications.
