Ian Fleming's Secret War Craig Cabell

While his extravagant and glamorous lifestyle is well known, little has been published concerning Ian Fleming's contribution during the Second World War.

In the very early days of the War, Fleming was earmarked by the Director of Naval Intelligence as his 'right hand man'. From the outset he was in the center of events, meeting with key political and military figures as well as those of exceptional intelligence, experience and courage. All this was to give him invaluable background when he came to write the Bond novels.

The author has uncovered through official documentation, private papers and contacts the depth of Fleming's work in Naval Intelligence. Fascinating insights of those he worked with and details of covert trips to Europe and North Africa emerge.

Fleming was closely associated with 30 Assault Unit, a crack team of Commandos who took the fight to the enemy. The book reveals both the history of 30 AU and Fleming's role.
