Beyond Maintenance to Mission: A Theology Of The Congregation Craig Nesson

Visionary yet practical, Nesson's influential book makes a persuasive case for the centrality of mission in the life of the church. Nesson's model of mission-driven leadership is strongly centered on the community of faith's worship and draws unique connections between the worship life of a congregation and every aspect of the church's ministry. Around the twin foci of congregational identity and mission, the chapters in this dynamic book provide solid theological and radical direction on the themes of worship, education, fellowship, stewardship, evangelism, global connections, and social ministry.
