## **Inheritor: Foreigner 3 (Foreigner series)** C. J. Cherryh

The first book in C.J. Cherryh's eponymous series, *Foreigner*, begins an epic tale of the survivors of a lost spacecraft who crash-land on a planet inhabited by a hostile, sentient alien race. From its beginnings as a human-alien story of first contact, the *Foreigner* series has become a true science fiction odyssey, following a civilization from the age of steam through early space flight to confrontations with other alien species in distant sectors of space.

Six months have passed since the reappearance of the starship *Phoenix*—the same ship which brought a colony of humans to the hostile environment of alien *atevi* nearly two hundred years ago. During these six months, the *atevi* have reconfigured their fledgling space program in a bid to take their place in the heavens alongside humans. But the return of the *Phoenix* has added a frighteningly powerful third party to an already volatile situation, polarizing both human and *atevi* political factions, and making the possibility of all-out planetary war an even more likely threat.

On the *atevi* mainland, human ambassador Bren Cameron, in a desperate attempt to maintain the peace, has arranged for one human representative from the *Phoenix* to take up residence with him in his apartments, and for another to be stationed on humanity's island enclave. Bren himself is unable to return home for fear of being arrested or assassinated by the powerful arch conservative element who wish to bar the *atevi* from space. Desperately trying to keep abreast of the *atevi* associations, how can Bren possibly find a way to save two species from a three-sided conflict that no one can win?
