Lucifer Alexander Kosoris

The angels at God's office complex regularly turn out amazing projects. Lucifer happens to be working on the development of humans, within the larger Creation project. The other angels involved seem satisfied creating beings that aren't living or feeling, a major problem, since Lucifer needs to create actual personalities before the fast approaching release date. To top it all off, he needs to fit rebelling against the Creator into his busy life if he ever wants to get a corporate promotion. *Lucifer* explores good and evil, fate and free will, and office politics in Heaven.
