Congressional Women: Their Recruitment, Integration, and Behavior Second Edition, Revised and Updated Irwin N. Gertzog

This is a revision and update of Gertzog's successful 1984 study of women in the United States Congress. Now, 10 years later, the congressional roster is far different: Women have made major in-roads in numbers and prominence in the House of Representatives. Based upon interviews with 45 members of the 103rd Congress, this study examines the rise in the number of women elected, the circumstances leading to their success, and their integration into the workings of the institution, in both legislative and political terms.
