Emily Brontë

## Cumbres Borrascosas (Clasica Maior) (Spanish Edition) Emily Brontë

Como dijo Virginia Woolf, Emily Brontë era capaz de “liberar la vida de su dependencia de los hechos; con un par de pinceladas podía retratar el espíritu de una cara de modo que no precisara cuerpo; al hablar del páramo, conseguía hacer que el viento soplara y el trueno rugiera.”

La magnífica traducción de Carmen Martín Gaité vierte al castellano toda la pasión y verdad poética contenidas en esta gran obra.

*Cumbres Borrascosas*, que se convertiría en una de las novelas más indiscutibles del siglo XIX, tuvo una acogida decepcionante cuando se publicó en 1847, pues los lectores victorianos se sintieron incomodados por lo que consideraron una descripción demasiado cruda de pasiones sin control. Al igual que *Jane Eyre*, de la hermana de Emily, Charlotte Brontë, *Cumbres Borrascosas* se basa en la tradición de novela gótica de finales del XVIII, con apariciones sobrenaturales, noches sin luna y efectos de misterio y terror. Pero la novela trasciende ampliamente el género gracias a sus penetrantes observaciones y a su complejidad, así como, por encima de todo, a sus inolvidables caracterizaciones. La trágica historia de amor entre la apasionada Catherine y el atormentado Heathcliff es sin duda uno de los romances más inolvidables de la literatura de todos los tiempos.

**Emily Jane Brontë** nació en Thornton, en el norte de Inglaterra. Hija de un clérigo, perdió a su madre a temprana edad y se educó junto con sus cuatro hermanas y su hermano Branwell en una rectoría aislada en los páramos de Yorkshire. Durante un breve período, asistió a la escuela de Cowan Bridge –un siniestro internado que Charlotte retrataría en su novela *Jane Eyre*–, pero tras la muerte de sus hermanas Maria y Elizabeth ambas prosiguieron su educación en casa. Emily siempre destacó por su fuerte temperamento y su carácter reservado y huraño. Todos sus intentos por integrarse en el mundo –un viaje a Bruselas junto con Charlotte para aprender francés, unos meses como institutriz– se saldaron con un apresurado regreso al hogar, donde Emily permanecería hasta su muerte en 1848, a los treinta años.

Emily Brontë publicó en vida sólo unos cuantos poemas, que aparecerían en un volumen junto con los de sus hermanas Charlotte y Anne bajo los seudónimos de Ellis, Currer y Acton Bell, y la novela *Cumbres Borrascosas* (1847).
